As of February 10, 2011

Q: Will you accept planning grants?

A: This funding is not intended for planning grants. The RFP requires specific deliverables that cannot be fulfilled if these funds are use for planning purposes only.

Q: Do we need to include the question as part of the answer for questions II through XII?

A: No, you are not required to include the question in your response. You can cut and paste as needed so long as it is clear which response corresponds to which question and you are complying with the formatting requirements.

Q: What is the correct local match amount if we request exactly \$200,000? The RFP states if you request \$100,000 - \$200,000 you must provide 10% match, but also says if you request \$200,000 - \$300,000 you must provide a 15% match.

A: The instructions should read as follows: If you request \$100,000 or less you are required to have a 5% match. If you request over \$100,000 up to and including \$200,000 you are required to have a 10% match. And if you request over \$200,000 and up to and including the maximum of \$300,000 you are required to have a 15% match.
